

# Stay on track: Your stress-free guide for applying to college

## Junior year

### September

#### Have the “college” talk with your parents

Where do you want to go? What major? How much can you spend?

### October

#### Take the PSAT

It can give you an idea of where you fall in the college applicant pool. Plus, your scores may make you eligible for national scholarships.

### November

#### Consider how you’ll pay for college

Take a look at different types of loans and scholarships. From the exceptionally tall to the llama enthusiast, there’s a scholarship opportunity for everyone!

### December

#### Take the ACT/SAT

These tests are crucial to figuring out which schools are a good match for you. Consider taking practice tests and even a prep course to ensure that you get your best score possible.

### March

#### Make a file for each school

Check out college fairs and visit campuses. Then compare information about each school’s academics, financial aid, and campus life.

## Senior year

### August

#### Start your essays

With your top schools in mind, start drafting your work and be sure to leave yourself time for edits, edits, and more edits.

### September

#### Secure letters of recommendation

Reach out to teachers, coaches, and employers who would be happy to write you a glowing review. Don’t forget to send them a thank you note afterwards!

### October

#### Consider re-taking standardized tests

You can also re-take your SAT to try to raise your score.

### November

#### Stay on top of deadlines

Don’t let the date for early application sneak up on you. Many schools have different application deadlines; make sure you know when everything is due.

### December

#### Apply for financial aid

Some student aid programs award funds on a first-come, first-served basis so don’t wait too long to submit your FAFSA®.

### January

#### Apps are due

January 1st is the universal deadline for most schools’ applications, so make sure yours are in. If you applied early action, you could get your decision letter any day.

### February

#### Mail’s here

Keep an eye out for your college acceptance letters.

### March

#### Watch for financial aid offers

This is when you’ll get financial aid offers from the schools that have accepted you. Compare them to see which offers the best financial aid package.

### April

#### Decision time

After deciding where you’d like to go, make sure to stay on top of communications from your school. Deposits, forms, and housing apps are all due prior to leaving in the fall.

### May

#### Make a budget

Talk with your parents to figure out how much you’ll expect to earn and pay while at school. Having a budget will start you on the journey toward financial responsibility.

### Summer

#### Final to-do items

This is the time to attend orientation, register for your classes, and make sure the tuition bill is paid. It’s also the time to have fun—and have an amazing time!
